

# OCTOBER

**MONDAY**

**TUESDAY**

**WEDNESDAY**

**THURSDAY**

**FRIDAY**

## October is National Pizza Month!

Pizza comes from the Latin root word *Picea* which means the blackening of crust by fire.

We consume around 251,770,000 pounds of pepperoni every year

36 percent of all pizza orders have pepperoni on their pizza.

Each person in America eats about 46 pizza slices a year.

Popular gourmet toppings are chicken, oysters, crayfish, dandelions, sprouts, eggplant, cajun shrimp, artichoke hearts, and tuna.

Over 5 billion pizzas are sold worldwide each year.
